AT Dear [redacted]

STAT
AT I greatly appreciate your letter of January 25,
1952 with the memorandum from my old friend, [redacted]
of [redacted]. It was good to get this report and I
am asking some of our technical people here to give it
careful study and let me have their comments.

STAT
AT We look back upon your visit here with very
pleasant memories and I hope that if I get to Europe
this summer I will be able to see you [redacted]

STAT
Meanwhile, I had the pleasure of an interesting
talk with our travelling friend who had been to Australia
for the tennis matches and gained his impressions of various
parts of the world.

Sincerely yours,
